Matrix

"The X-GLOO tent arrived
yesterday and I had the chance
to assemble most of it today.
It looks great! Thank you for the
speedy service. Can't wait to put it
to use this weekend."

Aaron White, Kickboard, Canada

X-GLOO [EVENTS]

The Module X-Act is the quickly-available X-GLOO version: The Matrix is available in a choice of black, white, blue or red. Side Walls are in a classic silver design, optionally with velcro, individually or alternatively as a cost-efficient Set.

The X-Act Module offers the advantages of a flexible range of use and short delivery time.

If there is room to play with regard to time, the X-Act can be individually designed by printing the Velcro- and Canopy Banners or the entire Side Wall in digital printing.

The X-Act can be combined with all other modules or tents.

also available as SET: cost-efficient complete variant.
Matrix in black, white, red or blue,
plus 4 silver Side Walls of your choice.

"Our X-GLOO was a hit at the recently concluded advertising congress held last November."
Russ Alfonso, Philippines

"Wow! What a gorgeous product. It's about time that someone came along and created a cool, contemporary, unique and functional event tent. Love it."
Bob, Art of Display, Canada

X-GLOO [EVENTS]

The Module X-Pert lets you design your X-GLOOs according to your own preferences: Along with the available standard colors, you can also choose from all of the colors of the Pantone color guide. Thus, you can design the different areas of the Matrix and the Elements such as Side Walls, Canopies, Canopy Banners and Tunnels in your corporate identity colors.

The numerous branding options are a special feature of the X-Pert Module: Roof, Tubes, Walls, Canopy and Canopy Banner can be personalised with logos or photographs. You also have the option of designing one or both sides of the Side Wall.

The personalisation takes place with sewn application, screen printing or digital printing.

The branding options transform the X-GLOO into a premium image carrier par excellance. Let your creativity run wild!

ZIPPER TENSION RELEASE

The X-RELAX seating is an inflatable stool in the attractive X-GLOO style. It impresses with elegant design and clever functionality.

The core of the X-RELAX is cylindrical air tube, similar to the Tube construction of the X-GLOO. This construction provides the stool with enormous stability.

Branding:
screen print

The ideal accessory for any event location: at only 2,5 Kilos, the round stool fits easily into the 10 cm transport bag.

Handling is simple, too: lay it out – inflate with air – done: The X-RELAX is ready for use within a minute.

Our seating is available in a wide variety of colors and can be designed individually.
